## DAPPER DESIGN

Inspired by men's haberdashery and featuring a beautiful balance of small-scale patterns, checks, stripes and solids, the Well-Suited collection by **DAVID PHOENIX** for **KRAVET COUTURE** strikes an understated but dapper note with all the classic detailing, layers, textures and hues one might expect to find in bespoke men's suiting. *Available to the trade through Kravet, ADAC, (404) 816-7941, [kravet.com](http://kravet.com)*
