David Phoenix brings his signature timeless elegance to Hickory Chair

LOS ANGELES BASED DESIGNER David Phoenix's new collection for Hickory Chair personifies his own polished and dapper demeanor and exhibits his distinctive thoughtful, American perspective. He focuses on meaningful, well-appointed choices, transporting us to a time when simple daily rituals were elevated and celebrated. The award-winning designer's inaugural collection is a comprehensive offering to include living room, dining room, bedroom, upholstery and leather goods, as well as his debut introduction of decorative accessories, lighting and furniture accents. **cm**
